

TROUT UNLIMITED BELLEVUE ISSAQUAH Chapter 109

2t August 2008 Board Meeting Minutes

Attendees:

President: Mark Getzendaner

Vice President: Dave Probart

Secretary: Charlie Mallory

Joanne Griffin

Treasurer: Shirley VanderVeen

Membership Chair: Rik Sligar

Evergreen State Fair: Washington Council's booth was staffed by Chapter members last weekend. The tank with Chinook Salmon and Steelhead was a great draw as was the boat/fishing trip raffle. Rik Sligar worked a large part of the shifts himself. Thanks Rik! We could use more help during these events.

Display board: Dave Probart has modified our display board to be easier to set up and be more effective. Informational brochures and promotional items that have been well received will be restocked for upcoming events.

Salmon Days: Mark Getzendaner will confirm our booth status. A schedule for manning the booth will be published shortly.

October's 'Big Meeting' scheduled for 08 October will be advertised with a newsletter and flyer. The board discussed format and distribution timing. Joanne Griffin and Dave Probart will work up the flyer. The newsletter will be finalized at the 10 September meeting with stamping and labeling on 17 September. Mailing should be about two weeks prior to the event. (24 September).

The newsletter will contain a schedule of upcoming events, a president's message and promotion of the speakers and agenda for the October Meeting.

Speaker for the November 12 General Meeting will be Dr. Mark Rutherford of the University of Washington. He is the author of numerous studies on the area's geology and fish habitat and author of the book 'King of Fish'.

Materials for a second fry trap are being assembled by Rik Sligar and Dave Probart and with the intent of constructing it this Winter in time for the Spring count.

The board discussed creation of a Fishing Chairman from amongst the members who make the opportunity to fish frequently. Many of the general membership would welcome more opportunities to fish new places and methods and share this experience with the other members. Individuals will be contacted to recruit them for this position.
